JOHN WITTMAN THE TAILOR

STORM GOES TO EAST LYNCHED ON STREET.

Philadelphia and Vicinity Right in way of the Wind.

ALSO ATLANTIC CITY.

New Jersey Seaside Resort Given a Strong Blast, Fifty Hotels and Cottages Having Their Roofs Torn Off.

Philadelphia, Sept. 16.—A severe storm from the gulf region reached this city about 5:30 o'clock Wednesday morning. Rain fell in torrents and was driven by a thirty-eight-mile gale, but by 8 o'clock the velocity of the wind receded to twenty-four miles an hour. Up to 8 a.m. a one-tenth inch rain had fallen. Temperature at that hour was 74 degrees, rendering the atmosphere oppressive. Telegraph and telephone service are badly crippled and there is no communication with Atlantic City. The superintendent of the Delaware and Atlantic Telephone company stated that 800 telephones are out of service in Atlantic City.

Passengers arriving from Atlantic City say the storm there was very severe and the wind unroofed in the neighborhood of fifty hotels and cottages. A. G. McCausland, superintendent of the Atlantic City railroad, arrived from Cape May at 9:30 o'clock and reported the fury of the storm there as unprecedented. A bank building was unroofed and the Queen railroad pier partially destroyed and a number of cottages damaged.

All telegraph wires to the coast are reported down and some suburban trolley lines are idle because of prostrated wires.

NOT YET KNOWN.

Full Extent of Damage in Florida Is Still Unknown.

Jacksonville, Fla., Sept. 16.—Teleggraphic communication south of this city, which has been demoralized by the hurricane through the southern and middle section of this state, has been restored as far south as Palm Beach, on the eastern coast. Communication has been reestablished in the middle section of the state as far south as Barlow, but all wires are still down to points further south. It is yet impossible to learn the damage, which is reported to have been severe, at Punta Rasha. There is no communication south of Palm Beach, which is about 150 miles north of Punta Rasha. Reports received here state the entire town had been destroyed, but it is impossible to confirm the reports. No additional deaths from the storm have been reported, but there are several sections where the storm was severe which have not been heard from yet. It is believed now that the first reports which were received from the middle section of the state were greatly exaggerated, and the property loss will not be as great as at first estimated. The greatest losses will be to the orange crop, and fall crops are reported to have also suffered by rain, which accompanied the tornado.

BEN JUSSI FELL.

He and Six Hundred of His Followers Killed by Insurgents.

Madrid, Sept. 16.—Private dispatches from Morocco say that Ben Jussi, commanding a detachment of imperial troops and 600 of his men were killed recently in an engagement with insurgents. The sultan is reported to have narrowly escaped falling into the hands of the enemy.

A dispatch received by the French foreign office on Aug. 29 from Morocco said that a large imperial force, which was going to the relief of the troops commanded by the sultan, has been surprised and almost annihilated by insurgents.

OFF ON A TRIP.

President Roosevelt and Party Leave on a Trip of Two Days.

Oyster Bay, Sept. 16.—President Roosevelt left Sagamore Hill on a two-days' trip, which will include a visit of inspection to the immigrant station on Ellis island, New York bay, and participation in the ceremonies attendant upon the dedication of the monument to the memory of New Jersey soldiers erected on the historic battlefield of Antietam. The president is accompanied by Mrs. Roosevelt, Secretary Loeb and Professor Albert Bushnell Hart of Harvard college, Professor J. B. Moore of Columbia and Grant Lafarge of New York. They boarded the naval yacht Sylph, anchor was weighed immediately and a few minutes after 9 o'clock the Sylph was on her way to New York. The morning was dark and forbidding and a light rain was falling as the vessel left the bay.

Iowa Threatened.

Des Moines, Ia., Sept. 16.—The first frost of season fell Wednesday morning. The weather bureau opinion is the crops will suffer considerably. "All Iowa is threatened with frost," said J. R. Sage, director of the Iowa weather and crop service. "Fully two weeks of warm weather is needed to ripen the corn crop. With such a condition staring us in the face the situation is very grave."

Negro Strung Up by a Mob of Irate Mississippians.

SEEKING LABORERS.

Had a Quarrel With a White Man in Regard to Inducing Negroes to Leave Centerville and Latter Killed.

Houston, Sept. 16.—A Post special from Centerville, Miss., says: William Williams, a negro, was lynched on Main street of Centerville by a mob of several hundred people. Williams, who was a laboring agent, has been here several days employing negroes for contractors in other sections of the state. It is alleged that he enticed several employees of the Robinson Mercantile company to leave that concern, and James H. Germany, a white employee of the Robinson company, met him on the street and remonstrated with him about his conduct. A quarrel followed and Williams drew a revolver and shot Germany dead.

The negro attempted to escape after killing Germany, but a mob was quickly on his heels and a running fight followed, which ended in the negro being captured and shot to death by the crowd.

Death of J. S. Strother.

Dallas, Sept. 16.—Hon. J. S. Strother, for three terms a representative of Dallas county in the lower house of the legislature, died at his residence near Garland Tuesday, aged sixty-seven years. He located forty years ago in Dallas county.

AN INSURRECTION.

It Is Reported to Have Been Started Near Salonica.

Salonica, Sept. 16.—A general insurrection in the vilayet of Salonica, east of the Vardar river, is announced to have begun. The region is divided into eight districts, each commanded by a Bulgarian officer. General Sontcheff, president of the Macedonian committee, is the commander-in-chief.

Many of the women and girls captured have been sent to the various harem.

About 100 widows and orphans have arrived at the frontier village of Tekendje from Losengrad.

A telegram from Burgas says the authorities of the town of Losengrad have ordered the Bulgarian families to be removed from the Greek districts. The decree causes great fear among the Bulgarians.

All the Bulgarian prisoners in the town jail at Lozengrad have been killed by Musselman prisoners, aided by the prison guards.

GOES TO TRIAL.

Judge Says Outside Jurymen May Be Summoned if Necessary.

Cynthiana, Ky., Sept. 16.—In the trial of Curtis Jett for the assassination of James Cockrill in Jackson, Ky., the defendant's attorneys took up the action for a change of venue and introduced

will genes who testified on account of the inflamed state of the public mind from reading newspapers and from dissatisfaction on account of the action of juror, Jasper King, in the Jett and White case here six weeks ago, that it was impossible to get a fair trial for him in this county.

After hearing seven additional witnesses for the defendant and two for the commonwealth on Thursday Judge Osborne overruled the motion for a change of venue and decided that the case should be tried here at once. The judge announced that if no jurors could be selected from this county that he would order Sheriff Leach to go to other counties and there summon jurors.

IRRIGATION CONGRESS.

Eleventh Convention Begins Its Labors at Ogden, Utah.

Ogden, Utah, Sept. 16.—Twenty-six states and territories of the Union are represented at the eleventh National Irrigation Congress, which began a four day's session in the Ogden Tabernacle, this being the largest number ever assembled since the beginning of the movement for the reclamation of the arid west. A letter from President Roosevelt was read. Secretary of Agriculture Wilson, who spoke on irrigation, was given a warm welcome.

Senate Still Opposes.

Bogota, Sept. 16.—A reaction in favor of the canal treaty has occurred in the house of representatives, but the senate is still opposed to it. General Pinto has left Cauca to take charge of the ministry of the interior.

Illness Not Serious.

Chicago, Sept. 16.—Shortly after Sir Thomas Lipton's arrival he became ill with indigestion at his apartments in the Auditorium Annex. His illness is not serious.

Congressman Dies.

London, Ky., Sept. 16.—Congressman Vincent Boreing died at his home here of pneumonia. He was the only Republican in the Kentucky delegation.

The drawhead of a boiler at the Dallas Electric Light company's power house blew out, doing some damage.

CYCLOONE IN GEORGIA.

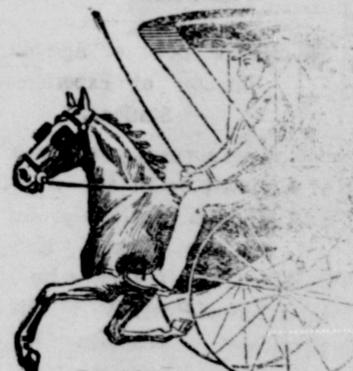

It Does Considerable Damage and Kills Three at Moultrie.

Atlanta, Ga., Sept. 16.—A Journal special from Moultrie, Ga., says: A cyclone, which caused a property loss of over \$10,000 and seriously, perhaps, fatally injured three persons, passed over this city Tuesday morning. The injured are all negroes, but several narrow escape are reported. The country school house in the town was entirely destroyed. Those in the building were more or less damaged.

Grand Vizier Dismissed.

Paris, Sept. 16.—The foreign office has been informed that the Persian grand vizier has been dismissed.

BRYAN TEXAS, SEP. 17. 1903.

The tobacco and fruit industries of Brazos county must be developed. "There's millions in it."

Bryan is proud of her many schools. They are growing in excellence, strength and influence.

Active work has been commenced on the extension of the San Antonio and Aransas Pass to Brownsville.

Towns, like individuals, get along best by attending to their own business. Energy wasted in knocking is like lost motion in machinery. If is not only worthless, but harmful.

As a result of the railroad commissioner's cut in rates it is reported that the four express companies doing business in Texas will quit the state. Well, whenever they do there is plenty of capital seeking investment to step in and take up the work where they leave off. But they won't go.

The secretary of the Brazos county farmers institute is in correspondence with a view of getting a practical man here to talk about canning and its results in a section of Texas where it has been tried, to come here on the 26th and talk to the farmers institute on the subject.

RECEIVED

HUNTER & CHATHAM,

Men's Furnishers.

is eminently qualified for the work and in making the selection and securing his services it is believed by those in position to know that the board of directors has been at once wise and fortunate.

Prof. Craig received his training in agriculture and animal husbandry at the Guelph Agricultural College of Canada. He was formerly professor of animal husbandry in the university of Wisconsin, and later held the same position in the agricultural and mechanical college of Iowa. He has spent the past two years in Texas making important investigations in the line of live stock and animal husbandry. He is regarded as one of the best authorities on live stock in the country, and his works on this subject are standard.

Prof. Craig goes to College Station at once to enter upon his duties.

Dr. Houston, who has lately returned from the east where he visited a number of leading textile schools, reports that an architect has been selected and plans for the textile school at College are in preparation. The work on this new and important feature of instruction at College will be carried forward as rapidly as expedient.

Cotton Receipts.

Round Bales..... 620

PRICES SEPT. 9.

Spinner buyers: Average receipts, 10 3-4.

Round bale buyers: Average, 11 1-2

Close Outs.

Nice lawn waists, \$2.00 and \$2.50, to close out at one half price. Sizes 34, 36, 38. Embroidery fronts. W. J. Coulter.

243-49

CITY COUNCIL.

The city council met in regular adjourned session last night, Mayor Harrison presiding and all officers present except Secretary Spell and Alderman Stevenson.

Minutes were read and approved and officers reports received and approved as follows:

The secretary's report shows collections for August amounting to \$202.15.

Cemetery committee, disbursements, \$38.75.

Street committee, disbursements, \$114.22.

The fiscal agent's report showed balances as follows: Special building fund, \$1476.33; Waterworks fund, \$1380.45; special street fund, \$867.61; special water fund, \$15.80; street appropriation fund, \$2596.09; cemetery fund overdrawn, \$88.96; tax and fine fund overdrawn, \$1546.77.

Aldermen Boyle, Priddy and Howell were appointed a committee to investigate the deficiency in the tax and fine fund and see if some plan can be adopted to keep this fund at par.

A franchise was granted the Commercial telephone company to run a line of poles along Main street leading out of town to the north and to supply phones from said line to offices and business houses to use exclusively for long distance connections, no residence phones or local connections being allowed.

Petition for opening a street in the east part of town between the Powers and Ward places was referred to City Attorney Bethea.

Aldermen Searcy and Priddy were appointed to confer with former City Attorney Butler regarding fire wagon suit now pending.

Action was deferred on a petition regarding the peddling of meats in the city.

The city sexton was allowed a salary of \$40 per month less the amount paid him each month by the ladies of the cemetery association. He was allowed \$40 on an account for extra labor, and the usual fees.

Council adjourned to meet Tuesday night, Sept. 22.

GRAND JURY WORK.

The grand jury made another report yesterday, returning one felony indictment and nineteen misdemeanors. This gives a total of thirteen felony indictments, with the twelve previously reported, and a grand total of thirty-two bills for the term, with the grand jury still in session.

Advertised Letters.

DARROUGH RESIGNS.

No Longer Chairman of the Republican Executive Committee.

South McAlester, I. T., Sept. 16.—A special meeting of the Republican executive committee of the Indian Territory held here has accepted the resignation of Chairman W. H. Darrough. He is United States marshal for the Northern district, and the department of justice has issued a general rule against any officer in the department serving as chairman of any political organization of any state or territory.

Passed First Reading.

Washington, Sept. 16.—The following bulletin was posted at the state department: "Under date of the 14th inst. Minister Beaupre telegraphs the department of state that the canal committee report passed the senate unanimously on its first reading. Senator Perez Sopo gave notice of an amendment to restrict the executive absolutely to the terms of the proposed law."

Lipton Has Appendicitis.

Chicago, Sept. 16.—Sir Thomas Lipton is now said by physicians to have appendicitis.

Parks & Waldrop,

243 Men's Outfitter's.

A message from Lone Grove, Ind.
Ter., received last night announced
the death of Mrs. M. J. Dean, wife of
H. J. Dean, deceased, and 77 years
old. Mrs. Dean and her husband
were for many years honored citizens
of Brazos county and the latter is buried
at Alexander. Mrs. Dean was the mother
of six children, Mrs. G. A. Shelton, Mrs.
Lou Hearne, Mrs. S. B. Buchanan, Mrs.
I. H. Newton and A. A. Dean of Bryan
and Brazos county, and Mrs. Priddy
of Lone Grove, where she was visiting.
The remains will be brought here and buried at Alexandria
cemetery.

The man who escaped from Sheriff
Baker of Waco by leaping from a
moving passenger train at Sutton,
was caught Tuesday evening over on
the Navasota river and turned over to
the authorities to be taken to Waco. Later—The Eagle learned
last night that Mr. J. B. Dunn
caught the prisoner two and a half miles
west of Hearne on the I. & G.
N. railroad instead of on the river.
His name is Vance and he is charged
with embezzlement and forgery in
eight cases.

J. H. McGregor, J. M. Johnson and
Mr. Strand of the Wellborn community
were in the city yesterday. Mr.
McGregor called on the Eagle and
reported a fine attendance on the
Minter Springs school. Miss Lucy
Brogdon, teacher. Mr. McGregor
and daughter, Miss Annie, and Miss
Kate Robertson have just returned
from a pleasant visit to Madison
county.

The Allen Academy opened yesterday
morning with a large attendance
—the largest in the history of the
school for the opening day. The
enlarged facilities and four men in the
faculty—Profs. J. H. and R. O. Allen,
Prof. South and Prof. Troutt—
give opportunity for the accommoda-
tion of a greater number of pupils
and more satisfactory work this year
than ever before.

Miss Nannie Berryman announces
the opening of her music class at the
graded school Monday Sept. 14. In-
structions given on piano and stringed
instruments. Miss Berryman de-
sires to express her thanks for the
patronage she has enjoyed in the
past, and hopes for its continu-
ance. 246

Quite a crowd of Bryan and Brazos
county people left yesterday to attend
the Palestine carnival, among
them being Mrs. B. F. Leman, Mrs.
H. A. Berger, Mr. and Mrs. D. M.
Dansby, Miss Emma Holloman,
Mrs. B. A. Huggins and children,
Mrs. S. A. Zimmerman, Mr. and Mrs.
Ed Edge, Elmo Pearson.

Friday afternoon
from four to seven p.m.
at the residence of
Mrs. Ed Hall
the ladies of the Methodist Church
will serve
Ice Cream and Cake
for 10c.

Prof. Sayous of France, mentioned
in the Eagle yesterday morning,
visited the Brazos bottom yesterday
accompanied by Cliff A. Adams, Dr.
J. L. and E. J. Fountain, and was
given every opportunity to make
such investigations of the cotton in-
dustries as he desired.

The Eagle was in error yesterday
morning in announcing Miss Elma
Harbers a candidate for the Nor-
wood contest buggy. What was
said in that connection applies to
Miss Ella Ray Harbers, who is a
candidate.

Mrs. E. F. Downard returned to
Corsicana yesterday after an ex-
tended visit to her son, W. F. Downard.
She joined her daughter, Mrs.
Hal Peck, here, the latter being en-
route home from Beaumont.

AILS OF DISASTER

HIGHEST SEAS.

Shores of Staten Island Were Swept by the Wind's Fury.

Philadelphia, Sept. 16.—The following message was brought to this city from Atlantic City, N. J. by rail: A fierce southeast storm swept the New Jersey coast and wrought great damage. The wild wind storm was preceded by a heavy downpour of rain, lasting five hours. This was followed by another hurricane, the wind reaching a velocity of seventy miles an hour. No definite news can be obtained from various maritime and life saving stations. In this city the damage wrought by the gale will amount to many thousands of dollars. The Hotel Strand is said to have been damaged to the extent of \$20,000. Old Empire theater, New Bartlett House and Rudolph, Chelsea, Young, Marlborough and Windsor hotels were all more or less damaged. The summer residence of J. G. Adams at Linwood was partially wrecked, as well as many others on the main land. A house at the Texas and Atlantic avenues was demolished and thrown across the car tracks. The roof and upper story of the McClay apartment house, at Pacific and South Carolina avenues, were blown off and several persons injured. The Champion apartment was damaged as well as Hotel Dunlap and Young's Ocean pier. Many pavilions along the entire length of the wharves have been totally demolished and city beach front is strewn with wreckage. Hundreds of trees and signs were blown down.

According to the report current here the notice of their proposed withdrawal from Texas will be issued in a few days.

FEARFUL VELOCITY.

Wind Created Havoc, as it Blew Seventy Miles Per Hour.

New York, Sept. 17.—The heaviest wind and highest seas known along Staten Island shores for years was experienced at noon Wednesday. The entire fleet of the Staten Island Yacht club at Stapleton, consisting of eighteen boats, was wrecked. A fleet of small boats of the Ocean Yacht club of Stapleton was sunk or is badly damaged. The large pilot boat Hermit dragged her anchor off Stapleton against the dock of the Staten Island Yacht club and was wrecked. She is valued at \$10,000. A big three-masted schooner and an American barkentine collided off Stapleton and swept in toward Long Dock, where they may go to pieces. The gale was so heavy and the sea running so high no one could venture out from shore to offer assistance. The wind blew down telegraph and electric light poles and some of the trolley lines were compelled to discontinue service. The Sylph, with the president and party on board, had a rough trip.

WIRES STILL DOWN.

Full Reports of Florida Storm Have Not Yet Been Received.

Jacksonville, Fla., Sept. 16.—Further news of the storm continues to arrive, though a large part of the storm swept area has not been heard from. Wires are still down and it is impossible to get trains through on account of the washouts.

Three negroes were killed by falling timbers at the camp of the Cummer Lumber company near Gainesville. Another was seriously hurt and he will probably die. Several houses were wrecked.

At Mulberry, the phosphate mines are said to be greatly damaged. They have been compelled to shut down on account of the high water. At Bartow the roof was blown off the Bartow house and from the residence of the president of the South Florida Military college.

A number of mules were killed by the falling of an old shed at Phosphoria. From all parts of the state great damage to the turpentine industry is reported.

FEAST OF THE CROSS.

Its Celebration at Beirut Was Held without Any Disturbance.

Constantinople, Sept. 16.—The feast of the cross passed off without any disturbance at Beirut.

Contrary to official reports, advises from a good source say Macedonian insurgents are holding their own points and inflicting defeats on Turks in the districts of Morihova and Meinkin, sixty-five miles from Salonica, where three Turkish battalions have almost been annihilated.

Local authorities at Monastir are seeking to prevent foreign consuls and correspondents from leaving town under the allegation that their lives will be endangered. It is said the sultan was much annoyed when he learned that Albanian troops had been dispatched to Adrianople.

To Be in Denver.

Denver, Sept. 16.—The News says: President John Mitchell of the United Mine Workers of America will probably be in Denver the latter part of this week to aid in bringing about a settlement between the coal miners and operators of this district. One more attempt at conciliation will be made by the miners, and if that fails a strike will be declared at once. If one is declared Mitchell will stay here to manage it.

Arbor and Bird Day.

Indianapolis, Ind., Sept. 16.—State Superintendent of Public Instruction Cotton has designed Friday, Oct. 23, as Arbor and Bird day in the schools of the state and Governor Durbin will soon issue a proclamation asking a general observance of the day.

Slew His Brother.

Tarrytown, N. Y., Sept. 16.—Brooding over the fact that his mother had disintegrated him, and influenced by liquor, Willard Springs, forty-five years old, has shot and killed his brother, John, at Pleasantville.

Of Killing Character.

Lincoln, Neb., Sept. 16.—Frost in nearly every part of Nebraska Tuesday night and in the north and western portions of the state caused considerable damage. In these sections it was sufficiently heavy to kill.

MAY WITHDRAW.

It is Rumored That the Express Companies May Do This.

Austin, Sept. 16.—It is reported or what is deemed good authority the four express companies now operating on Texas railroads are considering the matter of withdrawing entirely from Texas and that such action has been practically decided upon.

It is asserted that the new tariff of express rates promulgated by the railroad commission, being a reduction of 10 per cent as compared with existing rates, would obliterate nearly all the profits now obtained by the express companies on their Texas business and that there is no inducement for them to continue to operate on Texas roads.

The companies affected are Wells Fargo, the Pacific, the United States and the American.

According to the report current here the notice of their proposed withdrawal from Texas will be issued in a few days.

BIG BLAZE.

San Antonio Sustains a Severe Fire Loss on Tuesday.

San Antonio, Sept. 16.—Fire in one of the principal business centers of the city Tuesday destroyed property valued at \$163,500.

Wolf & Marx, one of the largest retail dry goods establishments, and Schultz' Palm garden are temporarily out of business. The latter place is a total loss.

RIGID QUARANTINE.

It is Being Strictly Maintained Against Neuvo Laredo.

Laredo, Tex., Sept. 16.—The Texas state health officers and the federal authorities have established a most rigorous quarantine against Neuvo Laredo, Mexico, opposite this city, on account of the appearance of several very suspicious cases of fever, which physicians say indicate all the symptoms of yellow fever.

One death has resulted thus far, that of a Mexican physician named Julian Ruiz. Several physicians, including the state and federal health officials, held an autopsy on the remains and the consensus of opinion is that the case is one of yellow fever. Shortly after the autopsy steps were taken to impose a strict quarantine and now no one is permitted to cross the international bridge over the Rio Grande river.

On the Lookout.

El Paso, Sept. 16.—The force of quarantine guards at this point has been increased and extraordinary vigilance is being exerted to prevent the entry into this country of any refugees from the yellow fever district of Mexico.

Work of an Impostor.

Laredo, Tex., Sept. 16.—Information from Monterey shows that an impostor impersonating Dr. Sessions sent the bogus telegram from Eagle Pass announcing that there was yellow fever in Monterey.

Large Ranch Deal.

Cameron, Tex., Sept. 16.—Quite a large deal in real estate was consummated here between T. B. Blair of Eddy county, New Mexico, and W. L. Baird and Miss Laura Jones of Cameron. The last named parties purchased the ranch of Blair, including 2400 head of stock cattle at \$40,000. Blair takes in part payment 792 acres of land in this county, near Maysfield.

CASE OF BEAVERS.

Preliminary Hearing Begins at New York Before Commissioner.

New York, Sept. 16.—The preliminary examination of George W. Beavers, the former head of the salaries and allowance division of the postoffice department, under an indictment returned against him by the federal grand jury of Brooklyn, charging him with conspiracy to defraud the government through complicity with the Dent-Brandt Manufacturing company of Watertown, Wis., was commenced before United States Commissioner Hitchcock. The defendant was represented by his counsel, Messrs. Morgan & Seabury, who were reinforced by a third lawyer, Max Stauer, who conducted the examination. The defendant

is reported to be in good health.

REASONS GIVEN OUT.

Why the Bulgarian Government Issued Note to Powers.

POLICY OF TURKEY.

It is Claimed the Latter Country Desires to Hinder the Development of Bulgarians and Kill Christians.

Sofia, Sept. 16.—Premier Pietroff was interviewed by the correspondent of the Associated Press on the reasons which induced the Bulgarian government to issue Monday's note to the powers. He said:

"It has been from the first plainly evident that the policy of Turkey was to hinder the development of the Bulgarian race in Macedonia which was the strongest national element there. With this end in view, the Turks proceeded to devastate the country and kill the Bulgarian Christians, driving the survivors into the mountains and forests, where they will either perish of hunger or else cross the Bulgarian frontier and become a burden to the Bulgarian nation. In the meanwhile the powers paid not the slightest attention to the Bulgarian note of June 29, but rather encouraged the Turks, who adopted the most severe measures to suppress the outbreak. The Bulgarian government is now compelled not only to protect Bulgaria itself, but also the Bulgarian element in Macedonia. It is further evident that Turkey has directly encouraged the revolution as with ten times as more guards on the frontier as Bulgaria employed, the Turks never stopped a single revolutionary band nor an individual crossing the frontier. The port was only too anxious to have a pretext for continuing the massacres and the extermination of the Bulgarian people. Turkey has now concentrated 300,000 troops in Macedonia, of only about 25,000 of whom are engaged in the suppression of the revolt. There is no attempt to fight the insurgents, but the troops attack innocent women and children. The Bulgarian government is forced to believe in this excessive mobilization a clear sign of Turkey's desire after she has succeeded in suppressing the outbreak in Macedonia to attack Bulgaria and exterminate the Bulgarian race. All our latest information from Macedonia and Constantinople confirms this view. Hilmi Pasha, the viceroy of Salonica, has openly declared that war with Bulgaria is the only way of settling the Macedonian question. The Constantinople press, which is under the most severe censorship, was recently allowed to publish the most sensational reports with the object of increasing the Mussulman's fanatic hatred of the Bulgarian Christians.

"Confronted by such conditions Bulgaria is forced to be convinced that Turkey intends to attack her and the Sofia government has taken this last step of asking the powers to intervene. Otherwise Bulgaria must take measures for her own protection."

SITUATION TRANQUIL.

Sofia, Sept. 16.—The American consul at Beirut telegraphs that the situation is tranquil, although some fears are entertained of disturbances on the occasion of the feast of the cross. The consul adds that a good impression was created by Rear Admiral Cotton's conference with Nazim Pasha, the viceroy of Beirut, and the latter's representative action as already reported by Admiral Cotton to the authorities at Washington.

NUMBERS LEAVE.

Ten Thousand Excursionists Leave St. Louis on Various Roads.

St. Louis, Sept. 16.—More than ten thousand passengers departed from St. Louis over the various railroads Tuesday for points in the south and southwest on the homeseekers' excursions, which were run by almost all the railroads.

Probably the largest number was taken out by the Frisco to points in Texas, Indian Territory and Oklahoma. Thirty-five cars were used on one train.

SEEKERS OF HOMES.

Between Three and Four Thousand Went Through Chicago.

Chicago, Sept. 16.—Between three and four thousand persons passed through Chicago Tuesday on their way to seek homes in Oklahoma, Indian Territory, Texas, Louisiana, California and other states. The movement was the largest of its kind ever known.

TRAILING A NEGRO.

He Was on the Eve of Committing a Shameful Crime.

Shreveport, La., Sept. 16.—A large posse of mounted police and sheriffs with a batch of blood hounds are trailing a negro, who attempted to assault the thirteen year old child of W. N. Anderson, who resides a
